†Sri T. SUBRAMANYA.—Under the Madras Civil Courts Act, the District Judges Court is notified as one which is entitled to entertain appeals. He has transferred certain appeals to the Subordinate Judges Court. When this question was raised the Subordinate Judge assumed jurisdiction and that matter is in appeal. Since that matter is pending before the High Court, we cannot answer the question now.

Sri G. VENKATAI GOWDA.—I am asking whether the Civil Judges Court has jurisdiction or not. I want to know as a matter of fact whether this Civil Court is recognised as one of the subordinate courts.

Sri T. SUBRAMANYA.—Civil Judges, under the Madras Civil Courts Act, have not yet been notified by us.

Sri G. VENKATAI GOWDA.—Will it not be desirable to avoid all these complications recongise the civil courts also as subordinate courts.

Sri T. SUBRAMANYA.—We are awaiting the decision of the High Court on this matter.

Sri G. VENKATAI GOWDA.—Will the Government take steps at least now to bring about uniformity in respect of the civil courts Act so as to enable it to be applicable to the entire State of Mysore.

Sri T. SUBRAMANYA.—Uniformity will be brought about.

PER CAPITA CONSUMPTION OF FRUIT, FISH, VEGETABLES, MILK AND EGGS IN THE STATE.

*Q.—831. Sri F. W. CORBETT (Nominated).—

Will the Government be pleased to state :—

(*a*) the *per capita* consumption of fruit, fish, vegetables, milk and eggs in the State ;

(*b*) the action taken to increase the production of these commodities and to make them available to the people at prices within their means ?

A.—Sri N. RACHIAH (Minister for Agriculture and Social Welfare).—

(*a*) Information of fruit and vegetables not available.

Fish	...	12 lbs per year.
Eggs	...	7 per year.
Milk	...	4.76 oz. per day.

(*b*) Several schemes have been implemented during the II Five-Year Plan in the Departments of Fisheries, Government Gardens and Animal Husbandry and with the increased production of these articles of food the *per captia* consumption of these articles is expected to increase and the articles can also be made avilable to large section of people in the State.

---

†Indicates that the remarks or speeches have not been revised by the Member concerned.

Sri F. W. CORBETT.—Are the Government aware that large quantities of fish, vegetables and eggs are being exported outside the State ?

†Sri N. RACHIAH.—Sometimes it happens.

Sri F. W. CORBETT.—When the *per-captia* consumption of these food are low in Mysore, what is the fun in exporting them.

Sri N. RACHIAH.—The prices of the articles of food are a factor. Many a person who wants fish or eggs cannot afford to buy them and hence export may become necessary. Government are taking steps, through the five-year plans, to increase the *per-capita* consumption of these articles.

Sri J. B. MALLARADHYA.—Judged from the nutritional standards may I know what is the standard fixed for the consumption of fish or eating of eggs and drinking of milk so far as the all-India average is concerned ?

Sri N. RACHIAH.—The consumption of milk is 4.7 ounces as against the nutritional requirement of 16 ounces. The consumption of eggs is 7 per year as against the nutritional requirement of one egg per head per day. Again 3 ounces of fish are required for every person to keep up nutritional standards where as the *per capita* consumption in our State is 12 pounds per year.

Sri J. B. MALLARADHYA.—The whole thing look fishy. What has the Government done to see that the *per capita* consumption is raised.

ಮೊದಲನೇ ಪಾಂಚವಾರ್ಷಿಕ ಯೋಜನೆಯ ಪ್ರಾರಂಭದಲ್ಲಿ ತರಾ ಎಷ್ಟು ಪ್ರಮಾಣದಲ್ಲಿ ಇದು ಇದ್ದೀತು ? ಎರಡನೇ ಯೋಜನೆಯಲ್ಲಿ ಎಷ್ಟು ಹೆಚ್ಚಿಸಿದಿರಿ ? ಮತ್ತು ಮೂರನೇ ಯೋಜನೆಯಲ್ಲಿ ಈ ಪ್ರಮಾಣವನ್ನು ಎಷ್ಟು ಸಾಧಿಸಬೇಕು ಎಂದು ಮಾಡಿದ್ದೀರಿ ?

ಶ್ರೀ ಎನ್. ರಾಚಯ್ಯ.—ಮೊದಲನೇ ಪಾಂಚವಾರ್ಷಿಕ ಯೋಜನೆಯ ಅವಧಿಯಲ್ಲಿ ನಮಗೆ ಮೈಸೂರು ರಾಜ್ಯದಲ್ಲಿ ಸಮುದ್ರ ಕರಾವಳಿ ಇರಲಿಲ್ಲ, ಎರಡನೇ ಯೋಜನೆಯ ಪ್ರಾರಂಭದಲ್ಲಿ ಹೊಸ ಮೈಸೂರ್ ರಾಜ್ಯವಾಯಿತು. ಆಗ್ಗೆ 200 ಮೈಲಿ ಕರಾವಳಿ ನಮಗೆ ಸೇರಿತು. ಕೂಡಲೇ ಮೀನುಗಾರಿಕೆ ಇಲಾಖೆಗೆ ಡೈರಕ್ಟರನ್ನು ನೇಮಿಸಿ ಆ ಮೂಲಕ ಪ್ರತ್ಯೇಕವಾಗಿ ಒಂದು ಇಲಾಖೆಯನ್ನು ಸ್ಥಾಪನೆ ಮಾಡಿದ್ದೇವೆ. ಎರಡನೇ ಯೋಜನೆಯ ಅವಧಿಯಲ್ಲಿ ಇತ್ತೀಚೆಗೆ ಮೀನುಗಾರಿಕೆ ಇಲಾಖೆ ಚೆನ್ನಾಗಿ ಅಭಿವೃದ್ಧಿ ಮಾಡಿದ್ದೇವೆ. ಮೂರನೇ ಪಾಂಚವಾರ್ಷಿಕ ಯೋಜನೆಯಲ್ಲಿ ಇನ್ನು ಹೆಚ್ಚಿನ ಪ್ರಮಾಣದಲ್ಲಿ ಅಭಿವೃದ್ಧಿ ಪಡಿಸಲಾಗುವುದು. ಅದಕ್ಕೆ ಯೋಜನೆಯ ಮೂಲಕ ವ್ಯವಸ್ಥೆ ಮಾಡಿದೆ. ಈಗ ಕೊಟ್ಟಿರತಕ್ಕ ಅಂಕಿಅಂಶಗಳು 1956ನೇ ಸಾಲಿಗೆ ಸಂಬಂಧ ಪಟ್ಟದ್ದಾಗಿವೆ, ಆ ಕಾಲದಿಂದ ಇತ್ತೀಚೆಗೆ ಹೊಸದಾಗಿ ಮೀನು, ಮೊಟ್ಟೆ, ಮಾಂಸ ಮುಂತಾದ ಎಲ್ಲಾ ವಿಚಾರದಲ್ಲಿ ಅಂಕಿಅಂಶಗಳನ್ನು ಶೇಖರಿಸಿ ಮಾಡುತ್ತಿದ್ದೇವೆ.

Sri C. K. RAJAIAH SHETTY.—The Minister has stated that Government have plans to increase fruit production. May I know whether Government have prepared plans to compensate the loss of fruits grown in the Palace Orchards in Bangalore which have been acquired for the purpose of construction of houses ?

Sri N. RACHIAH.—It is absolutely incorrect. Hon'ble Member is speaking of a very negligible extent of land. Throughout the State we have expanded fruit cultivation and vegetable gardens.

Sri C. K. RAJAIAH SHETTY.—May I know if the Department protested when the Palace Orchards were aquired for sites?

Sri N. RACHIAH.—I cannot understand why Government should protest against taking away a private orchard.

Sri M. RAMAPPA.—Have the Government any definite target in the third plan for increasing *per capita* consumption of fruits.

Sri M. RACHIAH.—It is provided in the third plan.

Sri M. RAMAPPA.—It is not there in the plan.

Sri N. RACHIAH.—That information is not available.

Sri G. N. PUTTANNA.—You have stated that there is a good deal of improvement in the Government gardens. What was the reason for not having allowed the amount to be spent in the Second Five Year Plan as sanctioned in the budget. Neither you have separated the Horticulture department from the Department of Agriculture, nor you have allowed the Agriculture Department to improve the gardens. The entire amount has lapsed.

Sri N. RACHIAH.—We have improved both the departments. Government have been taking active steps to step up the production as per the plan schemes.

Sri G. VENKATAI GOWDA.—In view of the *per capita* consumption of fruit, milk, eggs, etc; being very low, would the Government consider the desirability of subsidising these schemes?

Sri N. RACHIAH.—That is a suggestion for the action. Government will examine it.

Sri C. K. RAJAIAH SHETTY.—How many more plans are needed at least to have standard nutrition level?

Sri N. RACHIAH.—As the population increases, many plans are required.

Sri R. NAGAN GOWDA.—You have stated that the *per capita* consumpsion of fish is 12 lbs. per year. Have you included all my vegetarian friends like Mr. Mallaradhya.....

Sri J. B. MALLARADHYA.—This is an allegation which should be withdrawn.

Sri N. RACHIAH.—Though we have not included the orthodox vegetarians like Mr. Mallaradhya, there are so many vegetarians who are taking fish.

Sri R. NAGAN GOWDA.—It is said that many schemes are being implemented. In the last decade we have created huge areas of water surface in the country like the Tungabhadra project. These reservoirs have not been as yet completely exploited for fish content. For instance, the Mettur reservoir gives more fish than we have in Krishnarajasagar reservoir. Are the Government taking any steps to exploit all these reservoirs completely?

Sri N. RACHIAH.—Government have already taken steps to develop fishery in the case of Tungabhadra project and Nugu Project. We have already immersed lakhs of fish seedlings in those projects and in all the projects we have already taken action to develop fishing.

ಶ್ರೀ ಎಚ್. ಜಿ. ನರಸಿಂಹೇಗೌಡ.—ಮೀನುಗಳನ್ನು ಹೊರಗಡೆಗೆ ರಫ್ತು ಮಾಡಲು ಅನುಕೂಲ ವಾಗುವಂತೆ ಮಾಡಲು ಕೋಲ್ಡ್ ಸ್ಟೋರೇಜುಗಳನ್ನು ಮಾಡಬೇಕಾಗಿರುತ್ತೆ. ಈ ವಿಚಾರ ದಲ್ಲಿ ಸರ್ಕಾರದವರೇನು ಪ್ರಯತ್ನಮಾಡಿದ್ದಾರೆ?

Sri N. RACHIAH.—We have already taken action. We have started a number of ice plants and also cold storage plants.
